

Federal Law Forbids the carriage of Hazardous Materials aboard aircraft in your luggage or on your person

Do Not Pack
in luggage
or carry on Board:

Fireworks: Signal flares, firecrackers,
sparklers or other explosives

Flammable Liquids or Solids: Fuel, paints,
solvents, lighter fluid, matches

Household Items: Drain cleaners and solvents

Compressed Gases: Spray cans, butane fuel, scuba tanks,
propane tanks, oxygen bottles, self-inflating rafts

Weapons: Loaded firearms, ammunition, gunpowder, mace,
tear gas or pepper spray

Other Hazardous Materials: Dry ice, gasoline-powered
tools, camping equipment with fuel, wet-cell batteries,
oxidizers, corrosives, radioactive materials (including
radio-pharmaceuticals), poisons, infectious substances

The above list is not all-inclusive.

There are special
exceptions for small
quantities up to 70 oz. (2 kg or
2 liters) of medicinal and toilet articles carried
in your luggage and certain smoking materials carried
on your person. For further information, check with your
airline representative.

It's the Law...

You must declare your hazardous materials to the airline or air
package carrier. A violation of the Federal Hazardous Materials
Regulations (49 CFR Parts 171-180) can result in **five years'**
imprisonment and penalties of \$250,000 or more (49 U.S.C. 5124).
